COMMON CIA PROBLEMS

1. An Organic Career Management Program for CIA civilian employees; to include a CIA Intelligence Training Program.
2. Continuing attention to best utilization of IAC personnel by CIA, in all offices.
3. A formal agency-wide indoctrination program for new civilian employees and incoming IAC personnel.
4. The problem of building up "directed collection" (more and better requirements)
5. The development of the next budget throughout the current fiscal year.
6. *The functions and working methods of the management branches*
